

HULL LIFESAVING MUSEUM

SAVING LIVES THEN. CHANGING LIVES NOW.

Architecture Tour of Hull Village

Date: Saturday, October 10, 2010

Time: 10 am – 12 noon

Fee: \$15 per person

Get ready for Hills and Architectural Thrills! Join the Hull Lifesaving Museum as we explore the architecture of Hull Village.

We'll examine buildings stretching from the Colonial through to the Contemporary eras; discussing the unique expression of familiar styles in this remote fishing village.

Our tour leaders are Chad Wolfe, HLM Board Member and lifelong Hull resident and Bob Pahl, Architect and Member of the Hull Historic District Commission.

Meeting Location: Corner of Spring Street and Nantasket Avenue in the grass lot next to the Methodist Church

What to Bring: Check the weather and dress appropriately and wear walking shoes. Bring a camera and binoculars if you have them (we will bring a pair of binoculars to share).

Special Note: The museum gift shop will be open after the tour and tour participants receive a 5% discount on all purchases on the day of the tour. This is a great opportunity for early Christmas shopping without going to a large crowded store.

Rain Date: In case of poor weather, the walking tour will be held the following day at the same time.
